2011

17th ANNUAL

Partners

Challenge Ride

Weekend Get-Away

Sept. 24 -25

Partners of Delta, Montrose and Ouray is a one-to-one mentoring program that has helped kids in our area since 1987. Youth aged 6 to 17 are referred to our program and are matched with a screened and trained adult volunteer. The pair makes a commitment to spend three hours a week together for one year. Partners staff supports this relationship with weekly contact, monthly recreational activities and educational workshops.

In addition, Partners has a program component with a focus on teenagers. Art Partners matches youth aged 12 to 17 with a professional artist or crafter in a supported three-month mentoring apprenticeship.

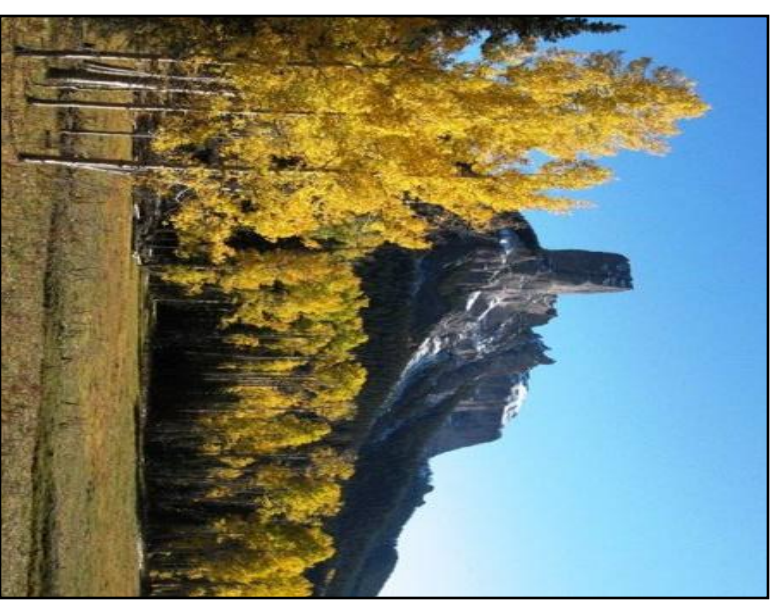

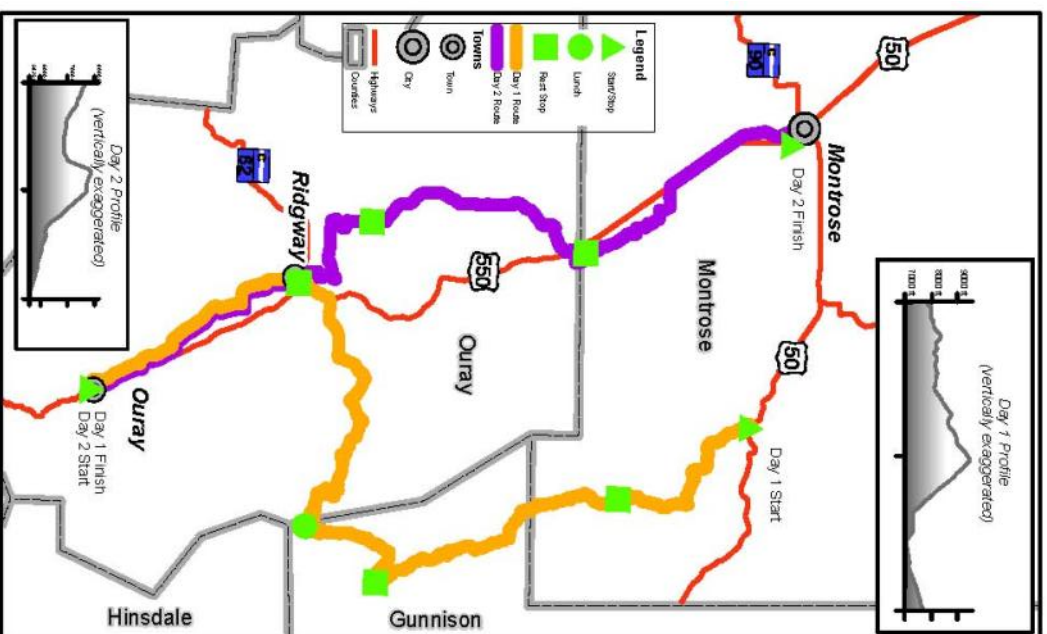

Partners is a 501(c)(3) non-profit organization. We charge nothing for our services. That's why events like the Partners Challenge Ride are so important to raise the funds for our work with youth.

Donations may be tax deductible.  
Please check with your tax consultant.  
All money raised stays local.
